

People Like Us

ICPA has now been a powerful lobby group in WA for 43 years. A book celebrating the contributions of the many members and associates of ICPA WA over this time, was launched at the State Conference in March this year. The book provides a glimpse into the obstacles and misperceptions the early members had to overcome in an era when people living in 'the bush' were out of sight, out of mind as far as the authorities were concerned, and traces the issues, fundraisers, and humorous reminiscences from past and current members.

The book is full colour throughout, and includes lots of photos and newspaper clippings. For those interested in who did what, there are records of state executives, branch formation and founding members, and award recipients listed at the back.

There will also be a limited number of CDs for sale, of photos donated by members. These will include the slideshows put to music that were screened during the 40th Anniversary Dinner in 2012.

The book will retail for \$40 and the CD for \$3.00. Postage & handling \$12.00.
